**Nature Trails**

Begin your adventure by learning more about Maine’s amazing animals, waterways, and mountains. Send a boat down the 20-ft river; you control the flow of water, so get pumping! For a bird’s eye view, climb to the top of our two-story tree house and look down at the beaver lodge.

**Trade Winds**

All Aboard! You’re off to explore foreign ports of trade on our 30-ft cargo ship. After you’re done loading cargo, check your compass, put the ship in gear, and steer your way to another part of the world.

**What Will You Discover?**

**Join our team of volunteers!**

**Can you dig it?**

Find life-size dinosaur bones and explore the dinosaur world in Dino Dig.

Our Mission:
The mission of the Maine Discovery Museum (MDM) is to educate children and families, encourage creativity, nurture a sense of wonder, and to challenge all to learn in new and innovative ways. Exhibits and programs will be fun, interactive and thought provoking, and encourage participation by children and families of all abilities and socioeconomic backgrounds. As a unique community resource, the museum will provide opportunities for exploration and discovery that incorporate aspects of Maine into a greater understanding of the world in which we live.

Discover
three floors of interactive exhibits at the largest children’s museum north of Boston! Nine exhibit areas will encourage children to leap into learning in fun, new ways. Family friendly, touch-all-you-want exhibits made just for kids, with a connection to Maine and to the bigger world in which we live.

Ask about becoming a member
A membership to MDM is the perfect gift that keeps giving for an entire year!

Educational Programs
MDM has a variety of creative & educational programs. Our programs range from weekday morning science to after hours art classes. We have opportunities for all ages. Please visit our website or ask a staff member for more information.
